CO. F. IN NEW YORK

Moving Picture Ready for Gotham in October.

Captain Sam Johnson's crack Company F, National Guard of Hawaii, will be seen in New York city in about eight weeks, and pleasure seeking Gotham, at least, will have an opportunity of judging whether or not the company is a crack-jack.

New Yorkers will see Company F, projected upon a screen by a moving picture machine, the film having been taken yesterday afternoon on the grounds before the drill-shed by Robert Bonine, Edison's moving-picture expert. The company showed itself to the best advantage in its silent bayonet drill in which it has become expert.

Four double sets of fours with file-closers were utilized for the purposes of the moving picture. The men wore campaign hats, blue shirts, khaki trousers, regulation leggings, web cartridge belts about their waists. They used the Krag rifle. Captain Sam Johnson wore a uniform of drab.

Mr. Bonine selected a place for his camera at the Ewa end of the drill ground so that the company had for a background the old Royal Household Guards barracks, now used by the U. S. army quartermasters department. Mr. Bonine considered this a very picturesque background, just suited for the martial picture to be taken.

After practicing the march and drill three times, Captain Johnson considered the men about perfect. The camera was adjusted, the men marched to the field by column of fours and then faced company about toward the camera, marking time, while every fourth man stepped to the front, so that when the company came to a halt it was deployed in open order. Not a command was given. The instant they came to a halt the silent bayonet drill was begun and came to an end without a hitch. The whole time of marching and drilling was one minute and forty-five seconds. Mr. Bonine was so pleased with the prospect of a picture of Captain Sam's company that he changed the film, using twice as much as he had originally planned for.

This film will be personally developed at Orange, N. J., by Mr. Bonine, and will then be supplied to the best vaudeville circuits. The film will first be presented at Keith's and Proctor's in New York, and will then travel around the circuit and eventually all over the United States. Moving pictures are demanded every week by patrons of the vaudeville theaters and those prepared by Bonine of subjects in the islands will certainly be of much interest. Some of the films taken here have been forwarded to Orange and some may already be prepared for presentation to New York audiences.

Mr. Bonine has taken a series of about forty moving pictures. These include pictures of the taking on of cattle at Kawaihae, Hawaii, aboard the S. S. Kinan; the steamer's boats landing at Mahukona; the arrival of the train at Mahukona; scenes at Humuula sheep ranch; the crowds leaving the Kohala Ditch opening ceremony for the luau; cane trains passing through canefields; caneloaders at work; oxen dragging loads of sugar cane; poi pounding at Lahaina; loading sugar onto lighters and then into steamers at Kahului; scenes in the crater of Haleakala; street scenes in Honolulu; forty water buffalo in the rice-fields of Palama; views in the harbor the day the Mongolia and Manchuria were in port; pa-u riders; scenes along the Oahu railroad; concluding with Captain Johnson's company.

Tomorrow afternoon at 3 o'clock Mr. Bonine plans to get a canoeing and surfboard scene off Waikiki beach in front of the Moana and Seaside hotels. Then a view of the crowd on shore will be taken. Mr. Bonine hopes that every canoe at Waikiki will be out. He wishes to have them start in all at the same time, when they are in motion toward him he will take a film. Those who can ride surf-boards standing will also be looked for by Mr. Bonine.

The expert's concluding picture will be of the crowds returning to town from the baseball game on the Rapid Transit cars and Manager Ballentine will personally arrange his cars that Mr. Bonine will get the best results.

LANE OUT FOR VIDA.

(Continued from Page 1.)

and showed himself bright but he is not a leader any more except of a few. And these remarks suggest a thought that perhaps Achi has lost his chief assistant. It is said that Olepau is pua with the ex-leader and that he will go to the other side. It is difficult to say what will crystallize from this disagreement. It has been hinted that it may be the beginning of strained relations between Crabbe and Achi in which case Crabbe would be all in as far as politics is concerned. For years Olepau has been at the head of the stevedores in Honolulu and has been looked upon as a man with a good many votes at his disposal. At all events he is considered worth noticing around election and before. Achi has had him for a time and it will be a loss for him to go into any other faction.

THE EWA DISAGREEMENT.

The fight in Ewa precinct is assuming rather gigantic proportions and there is a possibility of mud being thrown before and after the convention. Mr. Low has charges of extravagance to make against Road Supervisor Nawaakoa and he will bring them to the Board of Supervisors and have them sifted. This will hardly affect the road supervisor. It is an under-

stood thing that the supervisor shall say who is to look after the roads in his district and as Nawaakoa has the pull it is not likely he will be fired on account of any such charges being brought against him. Of course these are coincident with the scrap between Low and Archer or vice versa.

Ewa has something like seventy-five votes and all but ten are pledged for Archer. Assuming that he loses Honolulu plantation, as he did last time, he will still have votes to burn. There was just as decided a movement against him then as there is now and the opposition had the road machine at work. Now Archer has the whole paraphernalia at his back so his chances seem better than ever. There will not be a three-cornered fight down there unless Nawaakoa should switch and to men who know it does not seem to be even a possibility.

Senator Lane would say nothing as to the nominations against Kuhio. He understood that they had decided to make no fight against Cupid. "That is what Curtis told me some time ago, but of course you cannot tell just what he means. Curtis teeters a good deal and he may say one thing and mean something else. We will have a meeting at Aala Saturday night for the purpose of giving the delegate an opportunity to express himself before the convention and to let the people think for themselves whether he is the man to go to Congress. W. O. Smith and Geo. W. Smith, Hon. Stephen Desha and Hon. David Kanuha are to speak. They have agreed to support Kuhio and will speak in his favor at the meeting.

DEATH BY SUICIDE OF HONOLULU MAN

OAKLAND, August 10.—A man supposed to be Charles H. Bishop, a member of the Order of Elks of Honolulu, committed suicide here today by shooting.

Bishop was formerly in business at Lihue, Kauai, where he was also postmaster. He is a brother of Senator Faxon Bishop. He is very well known in Honolulu and had many friends. Recently he presented the local lodge of Elks with a very handsome elk, which is one of the treasures of the lodge here. Bishop was divorced some years ago, and a settlement of his affairs was made whereby he had a good income allotted to him. He was a nephew of Charles R. Bishop. Last night the Elks received a cablegram confirming the sad news and stating that the body was cremated yesterday.

HUSTACE TO RUN.

C. H. Hustace has finally announced that he will be a candidate for Supervisor from the Fourth district. He has taken a lively interest in politics and he is so well and favorably known that he is of the opinion that he will have the strong backing of his party.

FOR TREASURER.

When asked if he would again be a candidate for Representative from the Fifth district, F. T. P. Waterhouse said to an Advertiser reporter: "I will be a candidate for County Treasurer, not for the House. I believe there is a good chance for a Republican to be elected to that office and in this opinion I have the support of my friends."
